

# MISSION, VISION & CORE VALUES

## MISSION AND VISION STATEMENT:

At Beachborough, our mission is to help every child showcase their individual brilliance.

We want our children to be genuinely happy, as we prepare them to lead highly successful and fulfilling lives, as principled and caring citizens, in their exciting and unknown future. We do this by ensuring our children have the opportunity to learn without limits, or fear of failure. Beachburians learn in ambitious and creative ways, and display a caring sense of adventure and fun.

Beachborough is a school with a rich history and tradition, yet it isn't afraid to look ahead. As a school with a tremendously warm, supportive community and richly embedded family-values, we aim for learning here to be progressive, innovative, exciting and fun.

The 'beating heart of Beachborough' is tangible and real to all who are part of our learning community. Children can be comfortable to be who they are with us, and many feel our school is like a 'second home'.

Beachborough is a school of high expectation, opportunity, happiness and heart. It aims to help children to, 'be the best version of themselves in all that they do', and to instil an infectious passion for life and learning.

## CORE VALUES:

- We aim to create authentic individuals who are confident, creative, and caring citizens of the world – children who are proud of who they are, and are ambitious and excited about what they could achieve and become.
- We have high expectations for all our children and develop our learners in nurturing, inclusive ways – there is something for everyone at Beachborough.
- We encourage children to be open-minded and to adapt to change without fear of failure.
- We help children to flourish and grow - to try new experiences and learn through their mistakes.
- We develop the 'whole child'; learning that knowledge, skills, well-being, and care are all equal here.
- We prepare our children for their future, with an eclectic blend of innovative thinking, tradition, and family values.
- As a happy, child-centred community of learners, we want our children to create and take with them fond and long-lasting memories of their time with us. In their future, we hope our children will look back and connect elements of their successful future-self with their time at Beachborough School.
